

MIE498H1: Research Thesis 2024-2025

Supervisor	Olivera Kesler
Supervisor email	kesler@mie.utoronto.ca
Number of Positions	3
Open to	Undergraduate Mechanical Engineering Students
Term Offered	Full-Year (Y)
Research Area	Materials, Energy
Research Topic	Fuel Cells
Project Description	
	Fuel cell stack modeling to optimize power density
Additional Information	n/a
Application Instructions	Email (kesler@mie.utoronto.ca) UG transcript, resume, and paragraph of interest/background related to the project
